PRAJWAL S DEVADIGA

SOFTWARE DEVELOPMENT ENGINEER

8105844617 | prajwal.devadiga0712@gmail.com |Udupi, India | LinkedIn | Github | Portfolio

PROFESSIONAL OVERVIEW

Highly motivated and detail-oriented Software Development Engineer with 7 months of experience in Software Development, proficient in leveraging cutting edge technologies such as React.js, Next.js, Node.js etc. Proven Ability to stay up to date with the latest industry trends and best practices.

WORK EXPERIENCE

7EDGE| Mangalore, Software Development Engineer   November 2022 - May 2023
- As a Software Development Engineer at 7EDGE, I played a key role in developing and maintaining React.js applications along with my team.
- My responsibilities included translating business requirements into scalable solutions, collaborating with cross functional teams.
- I also engaged in code reviews, and stayed updated on industry best practices to ensure top tier software quality and performance.

PROJECTS

- **MERN HireO App** : A job portal app built using the MERN stack, enabling users to search and apply for jobs.
- **MERN Notekeeper App** : A note-taking app, allowing users to create, edit, and organize notes.
- **E-Commerce Store** : An online store built with React, featuring smooth browsing and product display.
- **Movie Website** : React site to browse movies, view details, and watch trailers seamlessly.
- **Challenge Tracker App** : Track and manage challenges using React, with status monitoring features.
- **Speech to Text Converter** : Converts spoken language into text using advanced speech recognition algorithms.
